PROFESSIONAL SUMMARY

Results-driven Java and Liferay Developer with 4+ years of experience in backend development and enterprise portal solutions. Skilled in Java, Liferay DXP, Liferay Cloud. Proven ability to design scalable applications, build RESTful APIs, and integrate third-party services. Experienced in Agile/Scrum methodologies and cross-functional team collaboration. Strong focus on performance optimization and clean code principles.

PROFESSIONAL EXPERIENCE

Infoaxon Technologies Pvt Ltd From 01-July-2021 to Present

Developed robust backend services using Java, implemented business logic, data processing, and third-party API integrations. Created modular Java services and hooks to handle real-time API/webhook interactions. Used Liferay DXP and Liferay Cloud for UI composition, user access control, and workflow management, with custom backend services written in Java to support business logic and data operations.

PROJECTS HIGHLIGHTS

PNB Housing Finance From 01-June-2023 to Present

- Independently led the Fixed Deposit (FD) journey implementation on a digital platform using Java and Liferay, integrating 25+ REST APIs for seamless online FD booking.
- Developed backend logic and wrote unit tests with JUnit, Mockito Core, and inline dependencies to ensure code quality and reliability.
- Delivered key features like Home Loan Enquiry, Call Back, Appointment Booking, Customer Referral, and Partner Onboarding using Liferay MVC portlets.
- Integrated APIs from PNB and Experian for credit reports.
- Enabled user tracking and behavioral analytics by integrating WebEngage for marketing insights.

Magma HDI Insurance From 01-July-2021 to 30-May-2023

- Implemented key modules for Health Insurance, Motor Insurance, Individual Personal Insurance, and Third-Party Insurance for private vehicles (cars and two-wheelers).
- Developed wrapper APIs on the middleware layer using the Spring Framework to streamline business logic and service orchestration.
- Integrated REST APIs within Liferay MVC portlets to enable seamless user interactions and dynamic insurance workflows on the front end. This ensured modularity, improved performance, and enhanced the customer experience across digital insurance services.

EDUCATION

Bachelor of Technology (B.Tech) 2017-2021
Sushila Devi Bansal College Of Technology Indore
